U. S. DEPT. OF AGRICULTURE

1966 Edition No. 12

April 1, 1966

Sales - We hope the week of March 28, 1966 produced the results you expected. Your reports will tell us. However, the grapevine indicates that in some counties, at least, a large number of acres were signed up. The extended period for sales and reinstatements should be used to the greatest extent possible.

Jorgensen's District continues to set the pace this year, but we expect Piehl and Thexton to finish with flying colors along with Markel and Olson.

Cass, Griggs, Burke, and Renville joined the plus counties.

Collections - You know what has terminated according to your records and you know what needs to be done from now thru April 30 to have a successful collection campaign and to keep insurance in force for 1966.

Acreage Reports - Headed up acreage reports for most of your contracts will come from the Branch Office. Order only what is needed for the new business that won't be processed by the Branch Office in time to be headed up. Order worksheets as needed.

April 4 - That's the day on which you start transmitting forms 12 and 812A to the Branch Office in accordance with our releases dated March 25 and March 28. Be sure the forms are properly prepared to avoid delays in processing.

HG Schouberger

## NEWS

NATIONAL AGRICULTURAL LIBRARY  
RECEIVED

AUG 9 - 1966

U. S. DEPT. OF AGRICULTURE

1966 Edition No. 13

April 8, 1966

Sales - Well done -- we have finally made it over the "hump" and are now building business rather than just replacing cancellations. I know that many of you worked extra hard this past week and your efforts are appreciated. But the job isn't done. We can't quit now. By the conclusion of the extended sales period, we could reach an all-time high in Federal Crop Insurance protection on North Dakota farms.

For the week ending April 1, sales and reinstatements totaled 51,280 net acres.

Congratulations to the FCIC people in Thexton's District. They are now well into the "plus" column in net acres insured. Cavalier, Grand Forks, and Nelson joined the plus counties.

Collections - There are still too many unpaid accounts, so keep working at this important activity. Be sure to handle reinstatements of contracts for which the premium was paid during April according to our recent instructions.

Thought for the Week: Some of us complain even when we get what we expected.

H G Schonberger

## NEWS

NATIONAL AGRICULTURAL LIBRARY  
**RECEIVED**

AUG 9 - 1966

U. S. DEPT. OF AGRICULTURE

Edition No. 14

April 15, 1966

Sales - Sales progress for the week ending April 8 is quite encouraging.

Sales and reinstatements totaled 29,395 net acres.

Now showing an increase in business for 1966 are 30 of the 52 FCIC counties. It is hoped that by April 30, all counties will be in that category.

New additions to the "plus" column in net acres insured are Bowman, Golden Valley, Burleigh, Sheridan, and Foster counties.

Collections - We are now in the process of terminating for indebtedness. It now looks like we will lose a record number of acres for this reason. Be sure to take full advantage of the privilege to collect the premium and reinstate these contracts before April 30.

Thought for the Week - This month, don't count the days -- make the days count.

## NEWS

NATIONAL AGRICULTURAL LIBRARY  
RECEIVED

AUG 9 - 1966

U. S. DEPT. OF AGRICULTURE

Edition No. 15

April 22, 1966

Sales - Sales and reinstatements for the week ending April 15 totaled more than 25,000 net acres. With field work still a long way off in many parts of the state, we are hopeful that a substantial amount of business will be written before April 30.

New additions to the "plus" column in net acres insured are Hettinger, Pierce, and Walsh counties.

Director Jorgensen's district now shows an increase in business for all counties. Our compliments to Art and all of the people in his district on being the first in our state to reach that objective.

Correction: In our last issue of the NODAK NEWS, it was reported that Sheridan County was in the "plus" column. This was in error.

Collections - A record number of crops and acres have been terminated for indebtedness. 1,488 crops have been terminated for this reason.

Be sure to make every possible effort to collect unpaid premium and reinstate these crops before April 30. We cannot afford to lose this much business.

Thought for the Week - It is better to have a hen tomorrow than an egg today.

HG Schonberger

## NEWS

NATIONAL AGRICULTURAL LIBRARY  
**RECEIVED**

AUG 9 - 1966

U. S. DEPT. OF AGRICULTURE

Edition No. 16

April 29, 1966

Sales - A look at the new state totals will show the effect of terminations for indebtedness.

13,359 net acres were sold and additional acreage was reinstated. Yet we now have a plus 46446 net acres as compared to a plus 76646 a week ago. A net loss of more than 30,000 acres and less than 1/3 of the counties have reported their terminations.

Be sure to include terminations for indebtedness and any reinstatements in your report for the week ending April 29.

Your final report of the 1966 sales campaign will be for the week ending May 6, 1966. Please recheck all of your figures as we want that report to be as accurate as possible.

Acreage Reports - The first reports showing acreage seeded have been received. McKenzie and Oliver counties were tied for first.

Thought for the Week - Too many people want to carry the stool when there is a piano to be moved.

H. G. S.

## NEWS

NATIONAL AGRICULTURAL LIBRARY  
RECEIVED

AUG 9 - 1966

U. S. DEPT. OF AGRICULTURE

Edition No. 17

May 6, 1966

Sales - Several reports were missing this week. With additional counties reporting the debt terminations, our plus acreage was further reduced. We hope that the reinstatements of indebted producers will be quite large. Our new sales for the week were good.

Final Sales Report - Your report for the week ending May 6 should be your final report. Every county should file one. Please check all figures carefully. Remember that reinstatements are shown by reducing the number of cancellations. The final cancellation figures will reflect the net contracts and crops, acres and premium lost through any type of cancellation or termination, after reinstatements are taken into account.

Acreage Reports - The volume should start to pick up as seeding progresses.

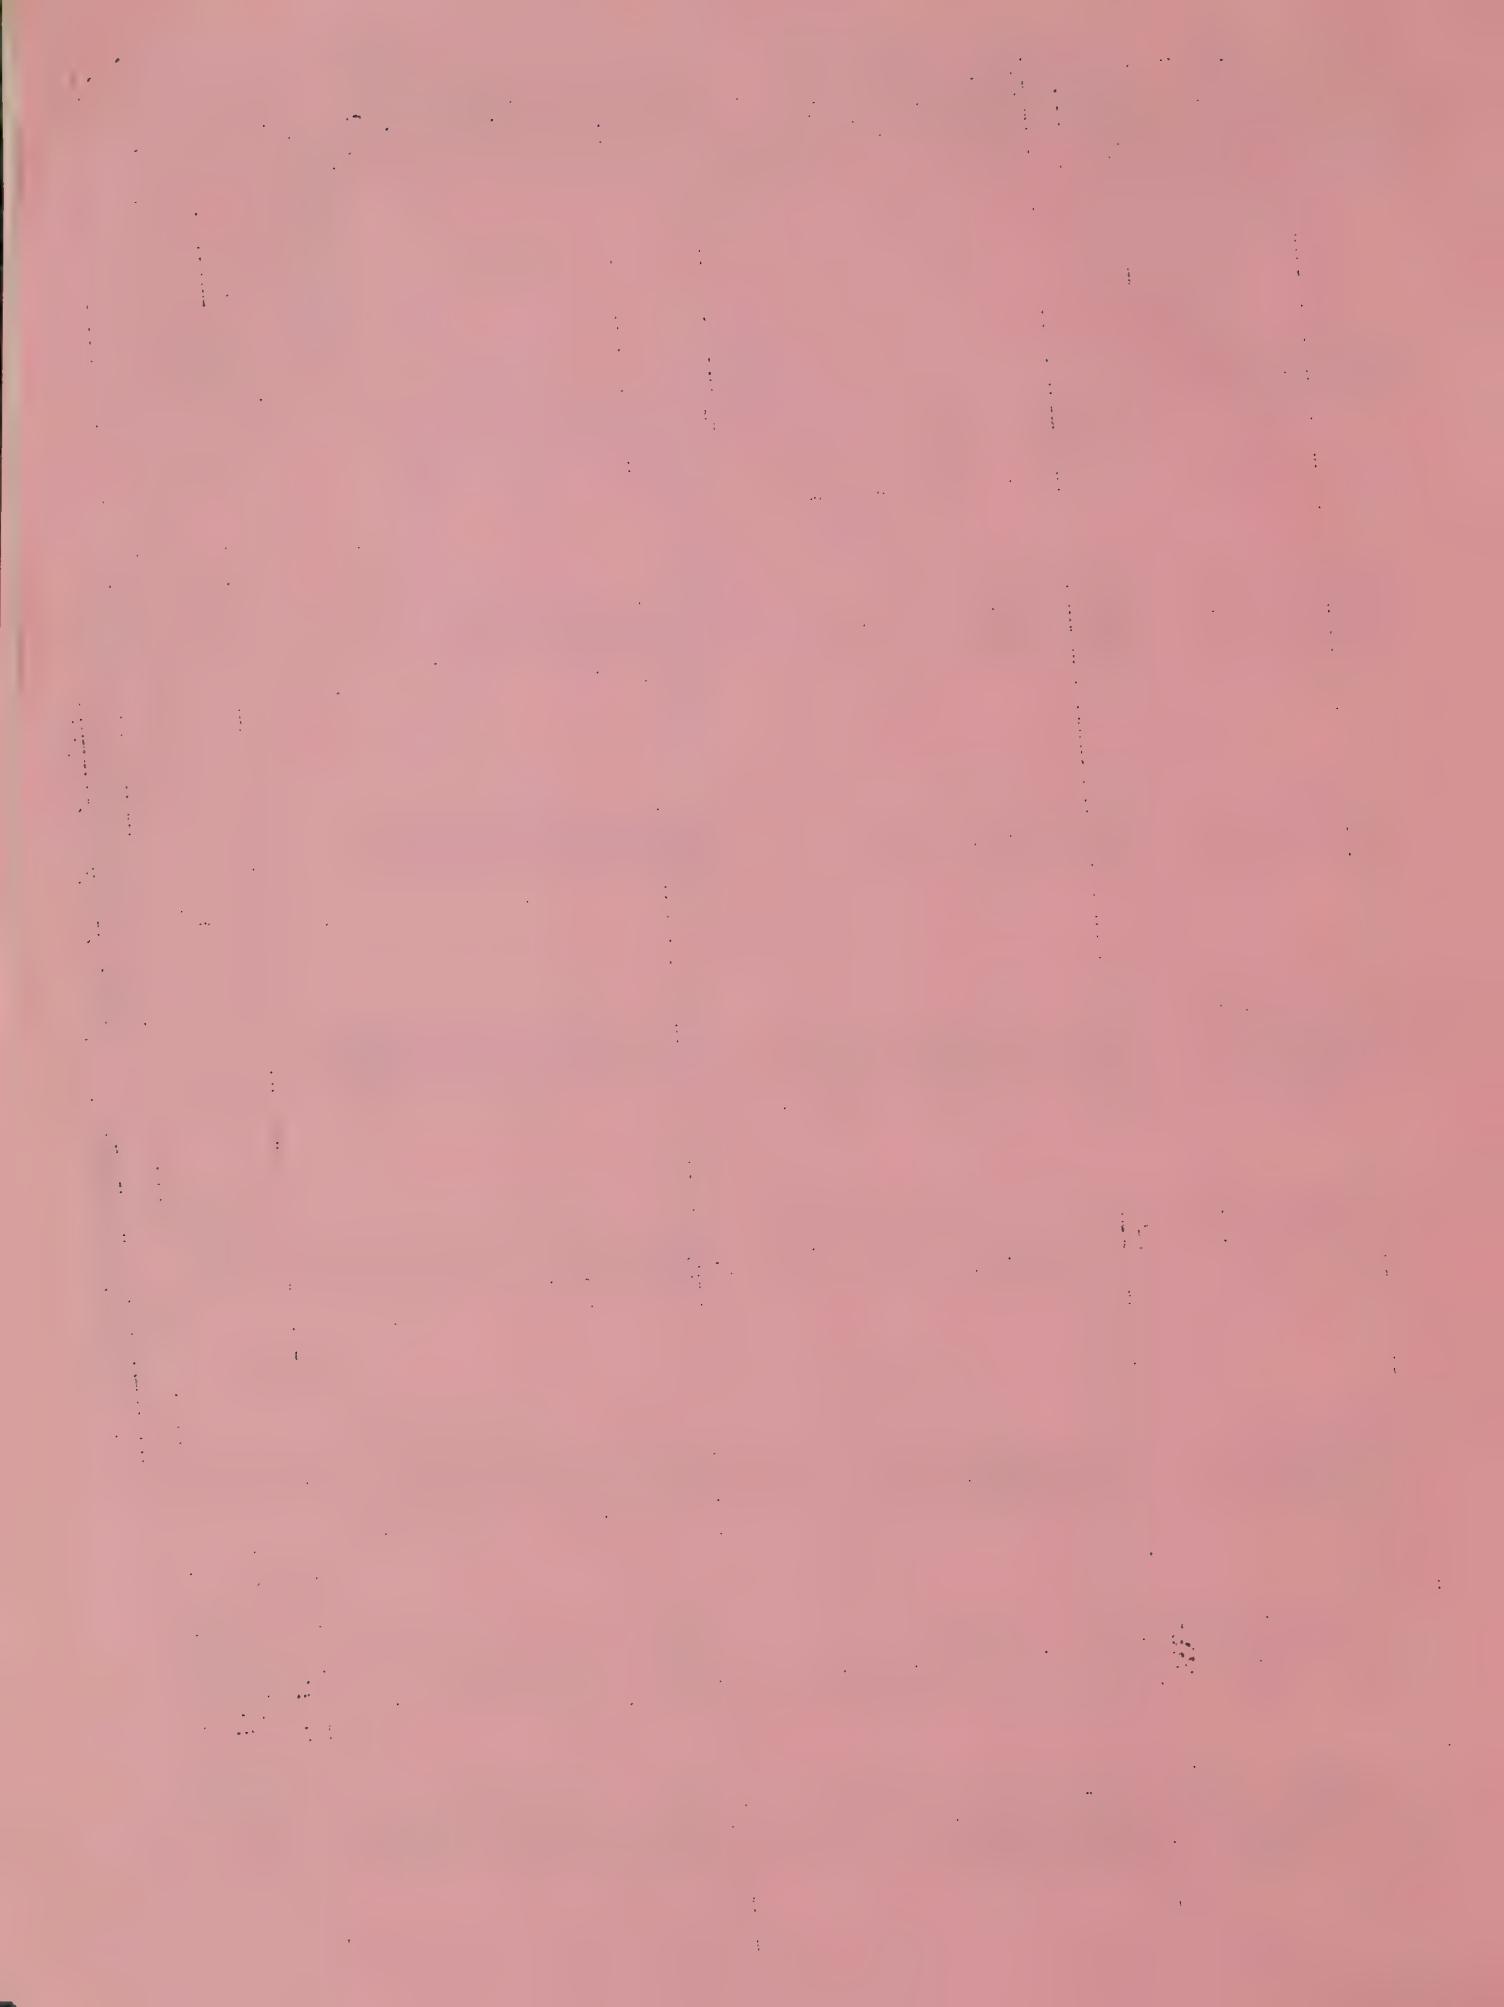

H.G. Schousberger

## NEWS

Edition No. 18

May 13, 1966

Sales - This issue of the NODAK NEWS will be our last report on the 1966 sales campaign.

The 1966 sales campaign surely wasn't our most successful. We did not make our quota, but neither did we lose business. More than 330,000 net acres were sold for 1966. You people in the field can certainly be proud of that accomplishment.

Special thanks to all county offices for faithfully submitting your weekly sales reports. Your cooperation is appreciated.

Your report for the week ending May 6 will, for most counties, be the final report, but you are asked to again check over your reports and advise us of any corrections. The counties with corn or soybean terminations will need to file reports to show the additional acreage and premium lost.

Acreage Reports - Are coming in mostly from Directors Markel and Olson's Districts. While our review is very limited, the reports seem to be properly prepared with only minor exceptions noted.

Thought for the Week - Cheer up --- the less you have the more there is to get.

H.G. Schonberger

STATUS OF 1966 SALES CAMPAIGN AS OF MAY 6, 1966
